NACR to Co-Sponsor 2011 New Mexico Tech-Ex Awards Event
Strategic Partners NACR and Extreme Networks Will Exhibit Solutions for Local Businesses and IT Professionals

EAGAN, Minn., May 19, 2011 /PRNewswire/ -- Solutions integration expert NACR will sponsor the 6th Annual Technology Excellence Awards, Conference, and Expo of the New Mexico Technology Council (NMTC), Friday June 3 in Albuquerque, NM. Joining NACR as a co-sponsor will be strategic partner Extreme Networks, Inc., a leader in open converged networks, specializing in infrastructure, security, mobility, and IP telephony.

As one of the largest Extreme Networks channel partners, NACR (www.nacr.com) is the leading independent integrator of best-in-class communications, collaboration, and customer interaction solutions — delivering comprehensive sales, consultative, training, and technical support, as well as managed services and maintenance. The company works closely with other technology innovators to integrate the latest hardware, software, and applications into end-to-end multivendor solutions for diverse markets.

The NMTC is an association of business, organizations, and tech professional working together to promote New Mexico's technology business sector. Its annual Tech-Ex Awards recognize local businesses for their contributions to technology solutions and technology-driving business in New Mexico; the winners are chosen by their peers. The event typically draws more than 800 attendees and will include a meeting of the NMTC membership; the Tech-Ex Awards luncheon; a conference featuring three technology sessions; and the Tech Expo and Community Showcase.

As Silver co-sponsors, NACR and Extreme Networks will be among the vendors to host a booth during the Tech Expo in the exhibit hall, alongside companies and services organizations from New Mexico's technology community. The NACR-Extreme booth will feature technologies including data networking, storage solutions, and VoIP.

"NACR is thrilled to be here with Extreme Networks to support our customers in New Mexico — some of whom have been previously honored with Tech-Ex Awards — and to co-sponsor this exciting event," according to Dennis Clevenger, Western Regional Vice President of NACR. "This year, we are especially pleased to be sharing the exhibit space with the Community Showcase participants — giving us more opportunities to network and share ideas with local technology businesses and IT leadership."

The NMTC event on June 3 is open to members and non-members; anyone who is interested can learn more and register at the organization's website (www.nmtcevents.org). NACR customers who plan to attend can contact their National Account Manager to arrange a meeting in Albuquerque before, during, or after the NMTC event.

About NACR

With offices nationwide, industry award-winning NACR (Eagan, MN) is a certified Avaya Platinum Channel Partner, seven-time Avaya BusinessPartner of the Year, and the leading independent integrator of best-in-class communications, collaboration, and customer interaction solutions for businesses.
