

S1 IT Solutions to Exhibit at HIMSS12 in Las Vegas

Offering a wide range of IT products and services to healthcare customers nationwide, S1 IT Solutions will be exhibiting at the upcoming HIMSS12 conference in Las Vegas.

BOISE, Idaho, Feb. 2, 2012 /[PRNewswire](#)/ -- Focused on improving the delivery of healthcare with effective and efficient healthcare IT and management systems solutions, **S1 IT Solutions** travels to Las Vegas, NV for the upcoming 2012 Annual HIMSS Conference & Exhibition, Feb. 20-24, at the Venetian Sands Expo Center. Recognized as one of the premier conferences in the healthcare industry, HIMSS12 brings together healthcare professionals across the globe for this annual gathering.

As a healthcare infrastructure provider specializing in Infrastructure, Virtualization and Optimization, S1 IT Solutions is looking forward to showcasing their solutions and how they can assist healthcare customers nationwide reduce complexity and decrease cost.

"We are looking forward to seeing our existing customers and meeting with others who can benefit from our services," said Erik Cline, Vice President Sales and General Manager. "As healthcare information technology requirements continue to grow in storage and servers, S1 is prepared to help maximize the investment that our customers are getting in underlying infrastructure using virtualization and consolidation as primary drivers for efficiency."

In Las Vegas, the HIMSS annual conference is expected to attract about 30,000 attendees, ranking it as one of the largest healthcare IT and management systems conference in the world. Attendees who visit the conference participate in education sessions and networking events, in addition to visiting the exhibits. The 2012 conference includes more than 400 education sessions plus pre-conference education sessions with symposia on ICD-10, Accountable Care Organizations (ACOs), Achieving Meaningful Use for Eligible Hospitals, Clinical Engineering and IT Leadership, Health Information Exchange (HIE), Nursing Informatics, Physicians' IT, Quality/Clinical Decision Support, Meaningful Use Success, RFID & RTLS and the Secondary Use of Data Symposium.

The HIMSS12 Exhibition will feature the all-new Knowledge Centers, six powerhouses of education and vendor solution sessions that will focus on: **accountable care organizations / value-based purchasing, mobile health, clinical and business analytics/intelligence, cloud computing and ICD-10**. Once again, the Interoperability Showcase will highlight cutting-edge technology and standards demonstrating interoperability in a real-world environment. Other exhibition attractions include the well-attended pavilions like The Intelligent Hospital, E H R Association and Career Services Center.
