BLOOMINGTON, Minn., June 28, 2022 [/PRNewswire/](#) -- ConvergeOne, the preeminent services-led provider of cloud, collaboration, and digital modernization solutions, today announced that it has once again been awarded Avaya Partner of the Year across three areas:

- Overall U.S. Partner of the Year for Total Revenue

ConvergeOne was recognized for its exceptional collaboration, customer-centric approach, and dedication to accelerating growth. Through proven, progressive, and purposeful solutions, ConvergeOne helps its customers modernize and reinvent IT and enable their businesses to adapt at pace in a rapidly changing world. ConvergeOne's commitment to its customers' success is reaffirmed by its 2021 Net Promoter Score of 80, a score that is nearly double the industry average (as reported by ClearlyRated) and places ConvergeOne in NPS's World Class category for the fourth consecutive year.

"ConvergeOne is proud to once again be recognized as an Avaya Partner of the Year, as it confirms the continued strength and growth of our partnership," said D. Robert Martin, President, Field Organization, ConvergeOne. "These awards demonstrate our commitment to combining the latest ConvergeOne and Avaya innovation to create progressive solutions that connect people with purpose. With our unparalleled experience and intellectual property, including C1Conversations and the ConvergeOne Cloud Experience, ConvergeOne helps customers modernize their environments with Avaya's leading technologies."

As one of Avaya's largest global partners, over 14,000 enterprise and mid-market customers trust ConvergeOne with cloud, collaboration, enterprise networking, data center and cyber security solutions to achieve business outcomes. A 15-time Avaya Partner of the Year, ConvergeOne has proven expertise in delivering and enhancing Avaya solutions. Recently, ConvergeOne was awarded first place in the TADHack Mini-Orlando, a communications technology hackathon with the theme of "Succeeding in a Hybrid World" that took place during the Avaya ENGAGE user conference. The winning hack, titled "Meeting Minion," was developed by ConvergeOne's Kevin Kramer (Lead Solution Architect), Brent Bailey (Lead, Emerging Technologies), and David Matthiesen (Director, Presales/Sales Ops). The Minion uses Avaya OneCloud CPaaS to dial into the meeting bridge and ConvergeOne's proprietary C1Conversations, utilizing Google Dialogflow, to transcribe the meeting in real-time.

"ConvergeOne has delivered impressive results and continually demonstrates extraordinary commitment to our customers," said Frank Ciccone, Senior Vice President of North America Channel and Alliance Sales, Avaya. "Together, we are dedicated to creating innovative and robust solutions to serve the needs of our collective customers."
